

Support starts here – 5 quick steps

Step 1. Get your Club registered

First off you need to register your Club so it can benefit from the programme and receive payments. Fill in your Club registration form and send it along with a Club bank statement from within the last 3 months to:
Vodafone Support Your GAA Club, MountainView, Leopardstown, Dublin 18.

Step 2. Start spreading the word

Everyone needs to know about how your Club can benefit – so get those posters up on Club notice boards, spread the word at Club AGMs, meetings, matches, on the Club website, send emails and texts to every Club member and friend.

Step 3. Get your members and supporters to sign up

It's easy for Vodafone Ireland customers to support your Club. They simply go to www.supportyourgaaclub.ie and donate 5% of their monthly bill or Top Up to their nominated GAA Club. It takes less than a minute to register and remember – it won't cost them anything at all!

Step 4. Switch and support your Club

The more Club members and supporters that switch to Vodafone Ireland, the more money your Club makes. Every time a member or supporter switches to Vodafone and signs up at www.supportyourgaaclub.ie your Club will automatically receive an extra €5 from Vodafone. There's also an additional €10 bonus per switch if your Club gets enough members and supporters to join Vodafone Ireland and sign up.

Step 5. How much your Club could get

Let's break it down in terms of how much funds you could raise:

- just say a Prepay customer tops up by €20 a month. That's €240 a year
- so 5% of that total means your Club could get €12 per person who is already with Vodafone
- remember if they move to Vodafone and sign up, your Club can make even more money, an extra €5 so that comes to €17
- and then if your Club hits their switching target, you'll get an additional €10 per member or supporter who moves to Vodafone and signs up.

So for example, for each member or supporter who signs up to the programme, your Club gets:
